**ARTICLE I  
RECOGNITION**

**SECTION A. RECOGNIZED-EMPLOYEES' ORGANIZATION**

The Burbank Management Association, (hereinafter referred to as "BMA") is the recognized employee organization for all personnel (hereinafter referred to as "employees") employed by the City of Burbank (hereinafter referred to as "City"), in the classifications listed in Exhibits A and B to this memorandum. The City will meet and confer with the BMA as to the inclusion of newly created classifications into the bargaining unit, and their appropriate rate of pay for such new classifications within ten (10) working days before going to the approving Board or Council. Any organizational change that results in a "Z" group manager not reporting directly to a Department Head will move the manager under BMA representation. Any organizational change which results in a BMA classification reporting directly to a Department Head in the capacity of a Division Head will move the manager out of BMA representation.

**SECTION B. CONFIDENTIAL-RESTRICTED**

The parties hereto recognize that employees who hold positions in the classifications enumerated in Exhibit C of this Memorandum of Understanding, "Confidential-Management", are recipients of highly confidential and sensitive information. As a result, the parties agree that employees in the classifications enumerated in Exhibit C shall not (1) serve as a board member, officer, or steward of the BMA; (2) serve on a team which either consults, or meets and confers, with City management over issues relating to wages or the terms and conditions of City employment; or (3) serve as a designated employee representative in any grievance or disciplinary procedure.

**SECTION C. PART TIME**

Part-time employees in represented classes, except those having temporary status, are covered by this Memorandum of Understanding and are represented by the BMA.

**SECTION D. TEMPORARY STATUS**

Full or part-time employees having temporary status are not represented by the BMA; such employees shall have no rights, privileges or benefits under this Memorandum of Understanding.

**SECTION E. LIMITATIONS ON LENGTH OF TEMPORARY EMPLOYMENT**

No person shall be employed by the City under temporary appointment to one or

more positions in the Civil Service Systems for a total of more than six (6) months in any twelve (12) month period unless approved by the Civil Service Board.

**SECTION F. EXEMPT STATUS**

Full or part-time employees having "exempt" status as listed in Exhibit B are not covered by the Civil Service System of the City of Burbank; however, such "exempt" employees are represented by the BMA. "Exempt" employees are covered by this Memorandum of Understanding except for Article IX, X, XIV (Section C-D), and XXI. Exempt employees may file grievance and take such grievance to and through the second step of the grievance procedure per Article XIII Section C.3, not to include appeal to the Civil Service Board or arbitration.

**ARTICLE II  
SALARY AND COMPENSATION**

**SECTION A. SALARY SCHEDULE**

1. Effective July 1, 2002, the ranges of all BMA classifications will be increased pursuant to Attached Salary Schedule Exhibit F:
  - A. Any movement within the ranges will be based upon a satisfactory evaluation. Survey or Market adjustments, if applicable, will be included as part of the 7.5% cap per year.

**SECTION B. INITIAL SALARY**

No person shall be hired into a position in a classification at a salary higher than fifteen percent (15%) above the bottom of the base salary schedule, without written approval of the City Manager.

1. **PROMOTION**

When an employee is promoted into a position in a classification listed in Exhibit A, B, or C, the employee shall be placed at a step at least five percent (5%) higher than the salary such employee received at such employee's previous position. The seniority held in the previous position shall be carried forward to the new classification.

**SECTION C. ADVANCE IN SALARY**

1. **CLASSIFICATION COMMENCEMENT**

With respect to appointments made, exclusive of transfers, classification shall be deemed to commence as follows:

- A. On the first day of the month for employees appointed between the first and fifteenth day of such month;
- B. On the first day of the following month for employees appointed between the sixteenth day of the month and the end of the month.

2. **MOVEMENT WITHIN THE RANGE**

A. Salary increases shall only be given in conjunction with a performance evaluation. No employee shall be given more than seven and one-half percent (7½%) salary increase in any twelve month period, unless approved by the City Manager. Heads of departments may reduce the monthly salary of an employee by up to five percent (5%) in any twelve month period on the basis of a less than satisfactory performance evaluation. Increases or decreases in salary pursuant to the provisions of this section shall be separate from, and in addition to, general adjustments provided annually by Council resolution.

Any action by a head of a department with regard to an increase or decrease in salary, or refusal to grant any increase in salary, pursuant to the provisions of this agreement, shall not be considered a grievable action and shall not be subject to the Grievance Procedure as outlined in Article XIII of this Memorandum of Understanding. The provisions of this paragraph shall not affect the right of any person holding a position in the Civil Service System to appeal a reduction in pay pursuant to the provisions of Sections 2-514, 2-515, and 2-516 of the Burbank Municipal Code. Any person holding a position which is not included in the Civil Service System may, within five days of receipt of his or her copy of a performance evaluation calling for a reduction in pay, request an informal hearing before the City Manager, or his designee, and present evidence as to why the reduction in pay should not occur. The decision of the City Manager or his designee shall be final.

3. **FAILURE TO PROCESS PERSONNEL ACTION FORM**

If the City fails to process the Personnel Action Form (PAF) in a timely manner, and this results in the employee not receiving their salary increase (if any is recommended by the department manager), the City will pay the employee retroactive to the date that their evaluation was due as calculated by the Management Services Department.

**SECTION D. EVALUATIONS**

1. It is the policy of the City to have a meaningful system for employee appraisals and programs for the development of the employee's abilities and job assignments. The primary responsibility for implementing and carrying out the objective of this policy rests with the Department Managers. The objective of the Employee Appraisal and Development System is to provide a formal method by which supervisory personnel can evaluate the performance of employees in the accomplishment of their assigned duties and responsibilities. The appraisal of employee performance also includes the establishment of a personal development plan mutually agreed upon between the supervisor and employee, so that the employee can become prepared for greater responsibility if desired.
2. Each employee shall be periodically evaluated, at least annually, using performance evaluation forms approved by the City Manager or his designee (currently: Appraisal & Development Guide for Professional, Supervisory and Management Employees). Such evaluation shall be conducted and approved by the head of the department in which the employee is assigned.
3. The head of the department shall also include the City Treasurer and City

Clerk. The head of the department shall have the authority to grant merit or performance evaluations.

4. Department Managers should be responsible for:
  - A. Ensuring that a proper appraisal schedule is established for each employee in their department.
  - B. Ensuring that each employee is fully aware of the performance standards which apply to his position.
  - C. Assisting managerial and supervisory personnel with a format to use in discussing the appraisal with the employee.
  - D. The City and the BMA agree to a Joint Labor Management Committee to discuss a new evaluation format to include the goals setting requirement. The JLMC shall complete it's work by May 1<sup>st</sup> of 2003.
  - E. Assisting managers and supervisors in identifying development needs of each employee and, where necessary, coordinate these needs with the Human Resources Department for counseling and/or establishing formalized training where practical.
  - F. Reviewing and resolving disagreements that arise during the appraisal interview that are not otherwise resolved at some lower level of management. It is expected that such disagreements should be resolved within two weeks of the date of interview and the employee notified of the final disposition.
  - G. Reviewing each appraisal carefully to determine whether each employee has been given proper consideration for future development based on existing skills and level of job performance.
5. Appraisals should be completed by supervisors and reviewed with the next higher level of supervision prior to discussing performance with the employee. This will allow for greater management awareness and mutual approval of an employee's performance before it is discussed with him or her.
6. Appraisals for probationary employees (new or transfer/promotion) should be completed at the end of at least the second, fifth, eighth, and eleventh months.
7. Advanced notice of at least a day or two should be given to the employee that the appraisal will be held and a mutually agreed upon date, time, and place

selected. This will also afford the employee an opportunity to prepare for the interview.

8. Evaluations will be done in a timely manner. Employees will be notified of their date of evaluation. The personnel files of those represented employees in a supervisory capacity who perform evaluations past the employee's date of evaluation and upon proof of neglect, will reflect the manager's failure to comply in a timely manner. Failure by a supervisor to provide a BMA represented employee with his or her scheduled performance evaluation on the date as defined above, shall advance the eligible employee five percent (5%) not to exceed the top of the range.

**SECTION E. "Y" RATE**

Whenever the salary of any employment is lowered such change shall not affect any person then holding such employment. Such person shall continue to receive this current rate of pay together with any step advancements to which he may be entitled in accordance with the provisions of this article. Additional increases may be prescribed by the Council if recommended by the City Manager. Rate of pay established under this section shall be distinguished by the addition of the letter "Y". This designation shall be removed whenever the rate of pay for the employment shall be increased to an amount which equals or exceeds the "Y" rate at the then current salary.

**SECTION F. PAY DATES**

The City and the BMA agree that the pay dates shall be the 10th and 25th of each month.

**SECTION G. DIFFERENTIAL AND SHIFT PAY**

The following classifications shall receive a "differential pay" added to the base salary whenever the assignment, work week or certification of any employee consists of one of the following:

**ASSIGNMENT AND DIFFERENTIALS**

1. Public Works Supervisors regularly assigned to the sewer construction and maintenance crew shall receive an additional five percent (5%) of their monthly salary while such persons are assigned to the sewer construction and maintenance crew.
2. Public Works Supervisors regularly assigned to the call-out crew for sewer construction and maintenance shall receive an additional ten percent (10%) of their monthly salary while such persons are assigned to such call-out crew.

3. Forestry Services Managers, Water Supervisors and Water Production/Operations Superintendent regularly assigned to the call-out crew shall receive an additional ten percent (10%) of their monthly salary while such persons are assigned to such call-out crew.
4. Principal Building Inspectors regularly assigned to supervise subordinates shall receive an additional 10% of their monthly salary. If, during the duration of this MOU, the BMA believes the supervisor/subordinate relationship causes difficulty with any other positions, the BMA and the City agree to discuss with the appropriate Department Head.
5. Any employees, who in the course of their duties, are assigned to speak a second language shall receive a bilingual bonus. This language shall not be construed as to modify existing job specifications for those affected employees.
  - A. Individuals desiring to receive the bonus must have their proficiency in a second language evaluated through a standard method:  
**\$100/month - Full Time Employees**
6. Traffic Signal Supervisor assigned to the Public Works Department Traffic Signal call-out crew shall receive an additional ten percent (10%) of their monthly salary.
7. Second or third shift assignment. "Second shift" shall mean an eight or nine-hour (8/9) work period starting between the hours of 2:00 p.m. and 7:59 p.m. "Third shift" shall mean an eight or nine-hour (8/9) work period starting between the hours of 8:00 p.m. and 2:00 a.m. If such shift assignments are created, employees shall receive shift differential equal to the subordinate positions which they supervise.
8. Employees assigned to the position of Power Production Operations Supervisor shall be paid a base salary which is 91.2% of the base salary paid to the Power Production Superintendent position.

#### **SECTION H. WORKING OUT-OF-CLASS**

##### **1. OUT-OF-CLASS**

It is the policy of the City to pay employees for working out-of-class because of a temporary position vacancy. Except for exclusions contained within this Section, the following provisions apply:

- A. When the temporary job assignment for employees is in excess of three working days, payment will be effective beginning the first day of working out of class with the exception of assignment to Sewer Construction and Maintenance. In these instances, payment will be

effective on the first day of assignment, regardless of the length of assignment. Payment shall be in accordance with Article II, Section B.1.

2. "CLASS" OR "CLASS OF POSITION" DEFINITION  
A group of positions which is substantially so similar with respect to difficulty, responsibility, and character of work as to require the same kind and amount of training and experience for proper performance and to merit equal pay. The class specifications are to be considered descriptive and explanatory and not necessarily inclusive or exclusive.
3. WORKING OUT-OF-CLASSIFICATION DEFINITION  
An employee who spends a majority of his time performing duties of a higher level which are not generally included in his class specification.
4. DETERMINING WHETHER A VACANT POSITION SHOULD BE FILLED
  - A. Department managers will first determine whether the position must be filled.
  - B. The department manager will then determine whether the more responsible functions of the position can be assumed by the next higher level.
  - C. The department manager will then determine whether the balance of duties may be dispersed to a number of other positions.
  - D. If it is not possible to accommodate the work load using items A, B, and C above, the department manager may recommend that an employee be assigned to work out-of-classification.
  - E. If employees' feel they are working out-of-class they should discuss it with their immediate supervisor.
5. STANDARDS
  - A. Employees whose job specifications require that they act in the absence of the next level of supervision are not included under this Section.
  - B. Individuals hired specifically to temporarily fill a position vacancy due to illness, vacation, or leave of absence are excluded.
  - C. Individuals appointed to work out-of-classification will be selected using the same standards as a promotion and must meet the minimum qualifications of the position to be filled.

- D. In those rare instances when no employee within the department meets minimum qualifications for the position, eligibility will be based upon possession of the greatest number of standards related to minimum qualifications. Appointments in this case shall be limited to temporary vacancies due to leave, illness, etc., and shall be limited to 30 calendar days.
- E. The employee must be capable of handling the major duties of the position without any more supervision or instruction than that which would be necessary if the person being replaced was working.
- F. The mere doing of certain portions of the higher position or only performing the less difficult parts until the position is filled is not working out-of-class.

6. PROVISIONS

- A. The Department Manager shall notify Management Services/Financial Services if the position vacancy continues for a period in excess of five working days.
- B. Working out of class detail is to be provided to Financial Services no later than three (3) days before the end of each pay period.
- C. If the position vacancy will exceed 30 days, a Personnel Action Form shall be submitted to the Management Services Department for the employee filling the position.

**SECTION I. OUT-OF-CLASS APPEAL**

- 1. If an employee feels that he/she is improperly classified he/she should obtain a Position Information Questionnaire from his/her immediate supervisor or the Management Services Department and fill it out as specified in the cover sheet instructions, and present it to the supervisor. Said instructions will allow the employee to present additional information in writing in the form of a letter or memo.
- 2. The supervisor will review the request. The supervisor will discuss the request with the Department Manager within ten (10) working days.
- 3. If the Department Manager determines that the employee is working within the proper classification he/she will notify the employee within ten (10) working days.

4. If the Department Manager feels that a classification change is necessary for a more efficient operation, he/she will prepare a written recommendation to the Management Services Department within ten (10) working days.
5. The Management Services Department shall audit the position and make a recommendation to the City Manager within ninety (90) calendar days. In the event the Management Services Department's recommendation upholds the Out-of-Class Appeal, the employee shall be entitled to Out-of-Class pay commencing on the thirty-first (31st) day of filing the Appeal with the supervisor.
6. An employee may appeal the decision of his/her Department Manager, or the Management Services Department, by filing a written grievance with his/her Department Manager within 15 working days of the decision.

#### **SECTION J. MILEAGE REIMBURSEMENT**

1. Employees who are required to use a personal vehicle for performance of their duties shall be reimbursed according to the Administrative Procedures or the Internal Revenue Service mileage rate, whichever is higher.
2. Approved out-of-area travel shall be reimbursed according to the cost of most economical mode of transportation reasonably available.

**ARTICLE III

  - A. Submit to the City both proof of health coverage, and,
  - B. Sign a health insurance waiver.
  - C. Employees who fail to complete both requirements shall not be allowed to utilize their 125 Flexible Benefit Plan contributions for any other eligible plans. Employees who meet both requirements shall be allowed to utilize their 125 Flexible Benefit Plan contributions for any of the eligible plans as provided in 26 USCS § 125.

Effective July 1, 2000, the City shall provide a \$553.19 per month fringe benefit contribution toward each full time eligible member of the unit, from which contribution the retiree and administrative costs (based on the total annual premium including actives and retirees) will be deducted resulting in a net fringe benefit contribution of \$ 545.69 per month.

  - C. No requirement that the employee exhaust sick leave before the disability payments can begin;
  - D. If practicable, disability payments may be supplemented by a prorata amount from the employee's sick or vacation leave.
4. The City agrees to meet and confer with the BMA prior to making any changes in the Life insurance, Flexible Benefit Plan, Long Term Disability, Short Term Disability Plans or rates, or the carrier of the psychological health plan.

**SECTION C. LIFE INSURANCE**

Optional coverage shall be in increments of \$10,000. The option to increase or decrease coverage shall be exercisable during open enrollment periods.

**SECTION D. MEDICARE**

All employees hired on or after April 1, 1986 must be covered under Medicare. All newly hired employees will have a deduction from their paycheck to cover the cost of Medicare. The deduction will be based on their gross salary. The deduction and salary requirements are determined by federal regulations. In the event that any or all of the provisions of Medicare are no longer applicable to local government due to legislation or judicial action(s), the benefit set forth in this section shall be declared null and void, and the City's requirement to provide this benefit shall cease.

**SECTION E. EDUCATIONAL TUITION REIMBURSEMENT**

1. The City encourages and supports educational programs which provide employees opportunity for personal career development and directly benefits the City by increasing the technical and managerial competency of its staff. Toward this end the City offers seventy five percent (75%) reimbursement per individual each year, not to exceed a cost to the City of more than \$3,000.00. Reimbursable cost may include tuition, texts, certain material, and fees for courses which are directly related to the employee's present position or promotion within the City. The program will have an annual total citywide cap of \$25,000.00. Carryover of unpaid expenses into subsequent years will be allowed. The entire program will be subject to rules established by the City Manager.

2. PROCEDURE

- A. Prior to course enrollment, employees should prepare an "After Hours Education Enrollment and Reimbursement Application" and forward it to their Department Manager.
- B. The Department Manager determines whether the course is job-related or promotion-related. Courses taken to satisfy a degree requirement may be approved, provided that the degree goal is in a field of interest to the City.
- C. The Department Manager will give notice to the employee as to his decision by his approval signature, or his notation of disapproval on the application. In either case, the application will be returned to the employee. If approved, a copy of the form should be forwarded immediately to the Management Services Department where the funds will be encumbered, if the \$25,000 cap has not been reached. If the cap has been reached, the employee will be asked to resubmit the request in the following year.
- D. Upon completion of the course with a grade of "C" or better, the employee attaches his grade report, receipts for tuition, texts, materials,

and fees, to his approved application and presents it to the Management Services Department. A completion certificate may be substituted for a grade report in pass-fail or other non-graded courses.

- E. The Management Services Department will make a cash reimbursement to the employee if the amount is \$25.00 or less, or by warrant if the amount is over \$25.00.
  - F. A record of the courses completed and the grades attained will be prepared by the Management Services Department - one copy to be placed in the employee's personnel record, and the other to be forwarded to his/her Department Manager. The Management Services Department will return the grade report or completion certificate to the employee.
3. Eligibility for this program is limited to all employees (exempt or Civil Service) regularly employed for 30 or more hours per week.
  4. Application forms are available from the Management Services Department or from the departmental training officer.

In the case of any employees whose service to the City is terminated by their death, such payment may be made to the person who would be entitled thereto by law, upon written application by such person and approval thereof by the City Manager.

**SECTION D. ATTENDANCE**

Employees shall be in attendance at their work during the regular hours of work and shall not absent themselves during working hours for any reason without the prior approval of the department manager.

**ARTICLE IX  
PROBATIONARY PERIOD - CIVIL SERVICE EMPLOYEES**

**SECTION A. PURPOSE OF PROBATION**

The probationary period shall be regarded as part of the testing process and shall be utilized for closely observing the employee's work, for securing the most effective adjustment of new employees to their new positions, and for rejecting any probationary employees whose performance do not meet the required standards of work.

**SECTION B. ONE YEAR PERIOD**

Probationary periods shall be for twelve (12) months unless otherwise provided in this agreement.

**SECTION C. EXTENSION OF PROBATION**

1. When the Department Manager to which any affected employees are assigned reasonably concludes that extension of the employee's probationary period will improve the performance of the employees, the Department Manager may recommend extension of the employee's probationary period for up to six (6) months in two-month increments.
2. If the employees have successfully completed probation except for obtaining a special required certificate or license needed to perform the work, the department manager may extend the probation period, solely for the purpose of allowing the employees to obtain this certificate or license. When such license or certificate is obtained by the employees, they shall automatically pass probation. Extensions shall not exceed 12 months.

**SECTION D. TERMINATION OF APPOINTMENT**

Probationary employees do not have property or vested rights in their position with the City. A probationary employee may be discharged or rejected at any time by the appointing power without cause and without right of appeal. Notification in writing of discharge or rejection shall be served on the probationary employee and a copy shall be filed with the Management Services Director.

**SECTION E. REINSTATEMENT OF REJECTED PROBATIONARY EMPLOYEE TO FORMER POSITION**

Employees rejected during the probationary period from a position to which they have been promoted, shall be reinstated to the position from which they were

promoted, unless charges are filed and they are discharged as provided in this Article and the Civil Service Rules.

**SECTION F.           DISPLACEMENT BY REINSTATEMENT OF ANOTHER TO THEIR  
FORMER POSITION**

Any employees, though they may have attained permanent status and are displaced as a result of another employee's being returned to their former position under Section E above or under this Section, shall likewise be reinstated to their former position. If employees so affected have permanent status but no former position, they shall be placed on the appropriate layoff list.

**ARTICLE X**  
**LAYOFF, DISPLACEMENT AND RECALL FOR CIVIL SERVICE EMPLOYEES**

**SECTION A.      PURPOSE**

The purpose of this Article is to provide a fair and equitable basis for the reduction of personnel when this becomes necessary in a department or in the total work force. In such circumstances, the City will make every effort to assist those employees who may be subject to layoff due to lack of work or similarly compelling reason. Assistance will be made available through utilizing existing vacancies to the fullest extent possible to relocate affected employees. In addition, contacts will be made with other employers to refer those employees who are unable to be placed in other City vacancies.

**SECTION B.      SENIORITY**

1. Seniority is defined as the status attained by the length of Civil Service in employment for the City of Burbank.
2. Seniority shall accrue based on the present date of Civil Service employment. When an employee voluntarily terminates for any reason, except layoff, seniority shall cease and not be reinstated in the event of reemployment. Seniority shall be reinstated in the case of layoffs where the employee is recalled within three years of date of layoff. Such seniority shall include credits for prior time worked only and will not include any time while on layoff.
3. Seniority shall be implemented in accordance with the provisions as set forth in Sections C and D below of this Article.
4. Employees who have served the City under any Federally Funded Manpower Training Program and have subsequently moved to a position in the Civil Service System, shall not have any seniority under the training program credited to their total service at the time of probationary appointment.

**SECTION C.      LAYOFF**

1. Layoff of employees shall be determined by length of Civil Service with the City using the present date of hire except as otherwise provided in this Article.
2. Except as outlined below in Section D-3, layoffs should be effected within departments and general displacement of employees across departmental lines shall not be permitted.

3. Employees with unique skills or body of knowledge for the performance of their duties as determined by the department manager with the concurrence of the City Manager, may be retained out of their seniority with the City as long as such employees have a minimum of two (2) years total employment. There shall be a limit of ten (10) employees, City wide, who may be designated under this paragraph during any given layoff. Standards for defining retention of such employees shall be limited to:
  - A. Special schooling provided or required by the City for employees following their initial employment to fill a unique position or meet a specific program need where the schooling lasts for six (6) months or longer.
  - B. Special experience provided or required by the City for a unique position or special program need where the experience requires at least one (1) year of training on the job.
  - C. Possession of a unique craft, artistic endeavor or professional level skill not available in other City employees.
4. Employees who have been previously appointed to provisional status in a higher classification at time of layoff considerations shall revert back to their permanent classification for purposes of determining their layoff.
5. Employees in a probationary status as a result of a promotion within the Civil Service System cannot displace permanent employees in the same classification at time of layoff.
6. Employees may voluntarily request layoff in lieu of reassignment should their seniority be sufficient to be retained on the payroll.
7. Employees on layoff shall be recalled to their previous classification based on the minimum qualification requirements which existed at the time of their layoff.
8. Exempt employees shall have no rights relative to layoff or reassignment except the employees who at some time, during the same period of employment, served in a position under the Civil Service System and shall have the right to return to the System under the provisions of B.M.C. 2-513, provided time spent in the exempt position shall not be accrued toward Civil Service seniority.

#### SECTION D. DISPLACEMENT

1. Except as stated in items 3 of this section below, an employee whose position has been eliminated shall be permitted, in total seniority order within the respective job classification, to transfer to a lateral or lower classification within the employee's department. This transfer shall occur only when a position in such classification is either vacant or occupied by another employee with less total seniority as calculated from their present date of hire. On taking a lower classification, the employee shall be paid at the highest rate of the lower classification which is not greater than the rate earned prior to the displacement.
2. In such instances as outlined in subsection 1 immediately above, employees must meet the minimum qualifications of the newly assigned position.
3. Employees displaced from a job because the positions have been deleted or replaced by higher classified employees with more seniority, shall be eligible to transfer to the same or lower title in another department, where the employees last served prior to their current assignment, if:
  - A. they served in that title and in that department where a vacancy or employees with lesser seniority exist, and
  - B. the department manager of the department to which the transfer is to be made approves such transfer if said department is any of the following: City Council, City Manager, City Attorney, or Management Services Department.
4. Employees who are reduced in classification shall be returned to their previous higher classification and department when vacancies occur within a three-year period of the reduction. Such return will not require qualifying through testing or placement on an employment list. Where the return involves returning to probationary status within six (6) months following demotion, the time spent in probationary status before the demotion occurred shall be applied toward permanent status.
5. Employees in a provisional status in a higher classification shall be returned to their permanent classification prior to layoff in order to determine their availability for displacement or reassignment.
6. Where three (3) or more employees exist in a classification within a department, the department shall not be required to lose more than fifty (50)

percent of its employees in any given classification through displacement by higher classified, longer seniority employees.

7. Employees with greater seniority than other employees in the same classification and department may request voluntary transfer or demotion to another position under the provisions of Civil Service Rule IX, paragraph 1.B.
8. A part-time employee may displace another part-time employee only under the provisions which apply to full-time employees.
9. A full-time employee may displace a part-time employee with lesser seniority only if the latter is in a position budgeted for thirty (30) hours per week or more.
10. Employees designated by the City as managers may or may not be reduced to a lower classification which would result in the employees having to work for another employee whom they formerly supervised when in a management position.
11. As used in this Article, "higher classification" or similar phrases are synonymous and interchangeable.

#### **SECTION E. PROCEDURE**

Departments anticipating a possible reduction in staff shall notify the City Manager and the Management Services Director as soon as possible in order for appropriate action to be taken.

1. An immediate determination should be made as to which positions will be involved and the number of employees to be affected.
2. The Management Services Director shall determine what openings exist in the same and other departments so that affected employees may be considered for transfer prior to layoff.
3. Employees to be affected by a layoff will be given written notice thirty (30) calendar days in advance.
4. Efforts will begin immediately to relocate affected employees into comparable positions of responsibility and pay or lower rated positions where practicable as outlined in Section D of this Article. First priority for filling open positions will be given to affected employees as opposed to other employees or job applicants under consideration.

## **SECTION F.        RECALL**

The Management Services Director, upon approval of the City Manager, will establish and make available to affected employees a Recall List, showing all employees on demotion or layoff status along with the date of appointment. In utilizing the list, the following shall apply:

1. Persons on the Recall List shall have absolute rights over regular employment, transfer or reinstatement lists.
2. Names shall be listed in the inverse order of their layoff or demotion according to seniority. Employees shall be recalled to their last classification or lower classified position in any Department of the City should they be the most senior on the recall list or lists for the positions available. Should a lower classified position first become available and no recall list exists for such position, then the most senior employee on the recall list for the next higher classified position shall be recalled in accordance with Subsection 3 of this Section.
3. Employees on the Recall List will hold reinstatement rights for a period of three years from date of layoff and be considered for openings as they arise.
4. Upon reinstatement, the employees will receive their old salary level or, if in a lower classification, the level nearest to, but not exceeding the old classification. In addition, if recalled within three years of layoff, previous seniority will be reinstated less any time spent on layoff.
5. If employees are recalled from layoff and have been (1) serving in a probationary status and (2) never in a permanent status in the Civil Service System, then their past seniority shall not be reinstated for purposes of satisfying the probationary period unless recalled to the former position within six (6) months following the layoff.
6. Employees on layoff status shall be responsible for keeping the City's Management Services Department aware of the most current address and telephone number for purposes of contact at time of recall. Absences from the home for over one (1) week should also be reported if the employees on layoff desire to safeguard against being passed over should notice of recall be given. On notifying employees of recall, the City of Burbank shall send notice by certified mail and the employees shall have five (5) calendar days to respond from receipt of such notice. Where the employees fail to respond, the City shall contact the next most senior employee on the Recall List, and the same procedures shall apply. Failure of employees to respond to notices

sent as a result of three (3) opportunities during the permitted recall period shall cause removal of their names from said list. In addition, employees must be available to return to work within two (2) weeks of receiving the above stated notification.

**SECTION G. BENEFIT CONSIDERATIONS**

1. For layoffs under thirty (30) days, all benefits will be retained except for prorata reduction in the retirement plan and reduction of seniority for days on layoffs.
2. For layoffs of thirty (30) days up to three years, there is no accrual of seniority, vacation, sick leave or other benefits for the period of the layoff. Sick leave and vacation benefits not previously paid the employees at the time of layoff shall be paid at the end of the first month of layoff unless at the time of layoff, employees elect to leave all sick leave and vacation credits on account and have such credits reinstated upon recall. If the employees elect to leave all sick leave and vacation credits on accounts, such employees, or their heirs, representatives or assigns, may, at any time within three (3) years after the effective date of such employee's layoff, demand payment for such benefits in such sum or sums as would otherwise have been payable at time of layoff, without interest. The City shall have up to thirty (30) days to make such payment after time of demand. Failure to demand such payment during such three year period shall constitute a waiver thereof. Payments of the cash value of accrued sick leave and vacation credits shall terminate all further obligation by the City to reinstate such past credits should the employees be returned to work.
3. For layoffs of three years or more, recall privileges cease at three years.
4. Employees recalled following a layoff shall be entitled to receive at least the same level of benefits which they were receiving at the time the layoff occurred, provided, however, any reduction or increase in benefits for all affected employees during the layoff period shall apply to the recalled employees.

**ARTICLE XI  
CONTRACTING OUT**

**SECTION A. CONTRACTING OUT**

1. The City shall meet and confer with the BMA on the impact of proposed contracting out.
2. All matters affecting employer-employee relations, including those that are not subject to meeting and conferring, are subject to consultation. The City, through its representatives, shall consult in good faith with representatives of the BMA on employer-employee relations matters which affect them.
3. Except in case of emergency, reasonable written notice shall be given to the BMA of any amendment to any ordinance, rule, resolution or regulation directly relating to matters within the scope of representation proposed to be adopted by the Council or approved by any board or commission of the City, and the BMA shall be given the opportunity to meet with the City prior to adoption or approval. In cases of emergency when the City or any board or commission of the City determines that an ordinance, rule, resolution or regulation must be adopted immediately without prior notice or meeting with the BMA, the City or the board or commission of the City shall provide such notice and opportunity to meet at the earliest practicable time following the adoption of such ordinance, rule, resolution or regulation. Advance notice on matters subject to consultation, but outside the scope of representation is not mandatory but desirable.

The BMA President will respond to issues of contracting out within three (3) working days receipt of notification except that during the absence of the resident notice will be given to the Vice President who will respond by the fourth day (having no less than 24 hours notice).
